ENTRY CLOSE DATE: March 13, 2026 (unless extended)

1. AVERAGES - REPORTING REQUIREMENTS FOR 2026 USBC OPEN CHAMPIONSHIPS

The average to be used will be determined in the following order:

- A.** Open Championships tournament average, based on the most recent 27 games bowled at the tournament since 2017 (Championships Average).
- B.** League Average - Bowlers without a qualifying Championships Average will enter with the highest average from either the 2024/2025, 2023/2024 or 2022/2023 USBC winter or summer season, based on 21 or more games in a USBC-certified league OR the highest composite average of 21 games or more during the same period. This average will then be converted to Sport using the Average Conversion Chart found on BOWL.com (<https://bowl.com/sportbowling/averageconversion-chart>).
- C.** Current Average - Bowlers who do not have an average from A or B must enter with whichever is higher - their current certified average at the time of bowling of 21 or more games OR current composite average of 21 or more games in all current USBC leagues. League standings sheets or a letter of verification from the association manager must be presented upon check-in. This average will then be converted to Sport using the Average Conversion Chart found on BOWL.com (<https://bowl.com/sport-bowling/average-conversion-chart>).
- D.** No Average - Bowlers who do not meet any of the average requirements of A, B or C will be entered with a 220 Sport average.
- E.** Green Sheet – Prior to competition, each entrant must complete and sign the Open Championships Green Sheet and waiver available on BOWL.com, under Open Championships - Information. **THIS MUST BE COMPLETED ONLINE.**
 - 1) All bowlers must answer questions covering professional status, national/major titles, national team and collegiate status.

2) Bowlers with averages from either A or B above must also report any current league average for 21 or more games that is 10 pins or higher than the entering average (USBC Rule 319a-2).

3) Bowlers with averages from B, C or D above must also answer questions covering USBC Rules 319c, 319d and 319e.

Note: ALL Averages NOT established on a Sport condition will be converted downward using the appropriate Sport or Challenge conversion chart.

FAILURE TO REPORT REQUIRED INFORMATION

Failure to answer any applicable question or provide accurate and complete information on the Green Sheet shall be a cause for disqualification.

Bowlers must attest to the accuracy of the information provided and understand the consequences of their failure to provide the proper facts.

AVERAGE INTEGRITY

Any bowler found using an average below the player's ability will be disqualified from the competition and subject to suspension charges initiated under USBC Rule 17a, Grounds for Disciplinary Action – Unfair Tactics.

2. AVERAGE VERIFICATION – CORRECTION

Bowlers are responsible for verifying the accuracy of their averages, whether originally submitted by the bowler, team captain or others. If the submitted average is lower than required and results in a lower classification, the bowler's score is disqualified. If the submitted average is higher than required, prize winnings will be based on the submitted average. In the case of a team of two or more bowlers, the averages will be combined to determine if the correct total is higher or lower than the submitted total.

Average corrections can be made up to the end of the bowler's first game of a series.

If an extension of time has been granted in writing by tournament management before the end of the first game of a series, the bowler will be placed in the Regular Division, pending verification of average, which must be submitted by the bowler within 10 days of the end of their competition.

3. AVERAGES – ADJUSTMENTS

Tournament management has the authority to adjust a bowler's average upward before participating in any event. For purposes of average adjustment, tournament management will use guidelines including, but not limited to, Open Championships performance, previous tournament winnings and any records of bowler performance from leagues and/or tournaments. A bowler has the right to appeal adjustments to the USBC Rules department within 15 days of

notification. If the assigned average is not accepted by the bowler, the entry fee shall be refunded.

AVERAGE RELIEF

Bowlers wanting to apply for relief of average due to injury or disability under provisions of USBC Rule 4e should apply a minimum of 30 days prior to bowling. Applications for relief of average (USBC Rule 4e) must be submitted in writing to USBC Headquarters, Attn: Rules. Please see USBC Playing Rules for information regarding the rule by visiting BOWL.com/Rules.

USBC Championship Tournaments staff does not have the authority to grant average relief.

4. CLOSE OF ENTRIES/CANCELLATION AND REFUND POLICY

Entries into the Open Championships will be accepted until the official entries closing date. Entries received after this date will be returned. All entries are subject to the Tournament Cancellation/Refund Policy.

Note: The addition of doubles, singles and/or all-events to an existing team entry does not constitute a new entry. The doubles, singles and/or all-events fee must be paid before the participant bowls any of the events.

Refunds will be issued to any captain who pays at least the team entry fee and requests cancellation in writing by the official close of entries date. Refunds are subject to a \$50 service charge. Cancellations received after the close of entries date may be considered for the following if requested in writing prior to the team's date of competition:

- A.** A team captain may transfer their entry to a substitute team at no cost. The substitute team will be required to pay in full prior to substitution. The original team captain will not receive any refund until the substitute team is paid in full.
- B.** A team captain may request a tournament credit, which is a transfer of the expense portion of the entry to the following year's tournament.

Note: Tournament credit is available only for the following year. Tournament management will consider the above requests on a case-by-case basis.

5. DRESS CODE

Entrants are expected to wear attire suitable and representative of participation in a national championship. For details, please refer to the USBC Open Championships Dress for Success brochure available on BOWL.com, under Open Championships - Information.

Bowling balls and drilling must meet all USBC specifications. All bowling balls will be checked for compliance with USBC Equipment Specifications. The specifications include a maximum of three (3) ounces of thumb, finger, side, top and bottom weight.

Holes or indentations for gripping purposes shall not exceed five and shall be limited to one for each finger and one for the thumb, all for the same hand. Any thumb hole that is not used for gripping purposes during the delivery would be classified as a balance hole. Balance holes are not allowed.

Bowlers MUST declare at scale room if they are delivering the bowling ball without a thumb inserted in the ball.

Balls without a thumbhole must have scribed or engraved crosshair lines ("+") near the center of the palm to indicate the grip orientation. The ball must be delivered in the marked orientation (i.e., palm must cover the "+").

One vent hole is allowed for each finger and/or thumb.

The scale room will open 90 minutes prior to each squad.

Any bowler found to be using any bowling ball that does not meet USBC specifications will be subject to disqualification.

PLUGS, INSERTS AND SLUGS

The outer surface of the bowling ball may only be cleaned with a dry towel once the bowler has begun competition.

Note: CAQ 18/6 – Since the tournament is conducting doubles and singles concurrently, bowlers cannot alter the surface of the bowling ball (including sanding) between events. Competition is defined as any time teams or individuals are bowling for score.
