

Super Side Pots

The yearlong jackpots feature a prize fund-style payout, and the cash ratio will be 1:10.

For example, the Super Side Pot entrant with the highest overall score (and all bowlers who match that score), will finish in first place and receive equal shares of the jackpot.

If there are 1,000 people entered, the top 100 each will receive prize money.

Current low-to-cash numbers as of April 1, 2026 (through the 11:30 p.m. squad):

Regular Division
