

Center Closings- League

**Q: A CENTER CLOSED ITS DOORS – WHAT DOES THE LEAGUE DO NOW?
(This would also apply if the center is destroyed.)**

A: USBC considers a center that is closed or destroyed a forced action. A majority vote of the board of directors (officers and team captains) is required to decide which course of action the league will take. A majority vote will determine whether the league will:

Move to a New Center

- Individuals/teams that do not want to move to another center would receive a prorated share of the prize money for the weeks bowled.
 - Teams would receive prize money for placement at the time the league moves.
 - If all the teams do not move, leagues should pay out at the time of the move. Leagues may pay out only the teams that do not move.
- Wins, losses and averages transfer to the league's new center.
- Advise the association of the league's change of center so the association can update the new center information in WinLABS.

or

End Now

- Pay out the league based on the standings at the time the league stopped bowling.
- Pay out equally; if a prize fund was adopted the written unanimous consent of all team captains would be required.
- The treasurer should provide a financial statement to the league.
- The secretary should provide a finalized prize list to the league.
- Averages should be sent to the association.

Q: WHAT IF THE CENTER THE LEAGUE MOVES TO IS IN A DIFFERENT ASSOCIATION?

A: **The league could finish out the season with the former association.**

- All awards, final averages, appeals, etc., would be handled by the former association.
- If any honor scores are bowled the former association would process them.
- The new association would handle inspections, if necessary.

or

By unanimous written consent, the league could end and recertify as a new league under the jurisdiction of the new association.

- Local membership dues (state, if applicable) would be paid to the new association.
- The league would receive all services from the new association.

Q: CAN A LEAGUE VOTE TO START NEW AVERAGES AT THE NEW CENTER?

A: Yes, by a majority vote, but since it is only one league the averages must be combined when submitted to the association.

Q: CAN A LEAGUE START OVER?

A: Yes, by a majority vote the league would end as indicated above and start over as a new league. If the association is different the league must be certified through the new association and appropriate membership dues must be paid.

Q: WHAT IF THE LEAGUE WANTS TO SPLIT INTO TWO LEAGUES?

A: The league moves where the majority votes to go and the remaining individuals would resign and be paid out as stated above.

Q: WE HAVE BEEN NOTIFIED THAT OUR CENTER IS CLOSING IN FOUR WEEKS – WHAT CAN WE DO?

A: **Move immediately to a new center with the consent of the current proprietor**

- A majority vote of the board of directors (officers and team captains) is required.
- Individuals/teams that do not want to move to another center would receive a prorated share of the prize money for the weeks bowled.
 - Teams would receive prize money for placement at the time the league moves.
 - If all the teams do not move, leagues should pay out at the time of the move. Leagues may pay out only the teams that do not move.
- Wins, losses and averages transfer to the league's new center.
- Advise the association of the league's change of center so the association can update the new center information in WinLABS.

or

Finish out the four weeks and then move to a new center

- Individuals/teams that do not want to move to another center would receive a prorated share of the prize money for the weeks bowled.
 - Teams would receive prize money for placement at the time the league moves.
 - Leagues should pay out at the time of the move.
- Wins, losses and averages transfer to the league's new center.
- Advise the association of the league's change of center so the association can update the new center information in WinLABS.

or

End Now

- Pay out the league based on the standings at the time the league stopped bowling.
- The treasurer should provide a financial statement to the league.
- The secretary should provide a finalized prize list to the league.
- Averages should be sent to the association.
