AVERAGE INTEGRITY

Any bowler found using an average below the player's ability will be disqualified from the competition and subject to suspension charges initiated under USBC Rule 17a, Grounds for Disciplinary Action – Unfair Tactics.

2. AVERAGES – VERIFICATION/CORRECTION

Bowlers are responsible for verifying the accuracy of their averages, whether originally submitted by the bowler, team captain or others. If submitted average is lower than required and results in a lower classification, the bowler's score is disqualified. If the submitted average is higher than required, prize winnings will be based on the submitted average. In the case of a team of two or more bowlers, the averages will be combined to determine if the correct total is higher or lower than the submitted total. Average corrections can be made up to the end of the bowler's first game of a series. If an extension of time has been granted in writing by tournament management before the end of the first game of a series, the bowler will be placed in the Diamond Division, pending verification of average, which must be submitted by the bowler within 10 days of the end of the event.

3. AVERAGES - ADJUSTMENTS

Tournament management has the authority to adjust a bowler's average upward before participation in any event. For purposes of average adjustment, tournament management will use guidelines including, but not limited to, Women's Championships performance, previous tournament winnings and any records of bowler performance from leagues and/or tournaments. A bowler has the right to appeal adjustments to the USBC Rules department within 15 days of notification. If the assigned average is not accepted by the bowler, the entry fee shall be refunded.

AVERAGE RELIEF

Bowlers wanting to apply for relief of average due to injury or disability under provisions of USBC Rule 4e should apply a minimum of 30 days prior to bowling.
